

HOW WE ARE STAYING COVID-19 SAFE

ALLMI Training Providers are being kept up to date with the latest COVID-19 related training delivery guidance and considerations

For training delivered by ALLMI directly, we are employing the following COVID-19 health and safety precautions:

Instructors and candidates take lateral flow tests prior to the course

Hand sanitisers and washing facilities are used throughout

Face masks are provided for all candidates and temperature checks are taken

Candidates are asked not to attend site if they have any COVID-19 symptoms

Social distancing measures are in place to ensure the 1m plus rule is observed

Classrooms and practical equipment are thoroughly cleaned before and after each use

For further information on our COVID-19 measures, please contact
